To Whom It May Concern:

Thank you for your inquiry to CBB Water System. CBB Water System, Inc. is a membership owned water system. **The water pressure in the system is such that it has been recommended that you install a pressure regulator to your home. Installing a pressure regulator could prevent your water lines from rupturing.** If you are going to replace your existing well, then you are required to have a complete break between your well and CBB water connection.

Please sign the contract and return with a check or money order for \$1160.00. The break down is \$1000.00 tap fee and meter supplies, \$150.00 utility deposit, \$10.00 membership fee. Please be advised that once the meter is in, that is when your water service begins. Please keep this letter as your receipt. If you have any questions please call 965-0015.

With all payments, please accompany your payment with the water bill stub, and write your account number plainly on the check or money order. If you pay electronically please make sure that your account number is correct.

Sincerely,

Janice Cleveland,
Office Manager
